Encanto Village, Studio E Architects / National CORE

## San Diego's largest, free, architectural festival, OH! San Diego, returns for its 6th season on March 5 - 12, 2021, opening the doors to explore a diverse mix of San Diego-area neighborhoods.

OH! San Diego is a free, annual public showcase that promotes appreciation of San Diego's urban environment through behind-the-scenes access to and information about buildings and spaces in San Diego neighborhoods.

OH! San Diego is a program of the San Diego Architectural Foundation (SDAF). For more than 40 years, SDAF has been fulfilling its mission to inspire San Diegans to discover the value of design in the built environment. SDAF programs include the annual Orchids & Onions program, celebrating the best and worst in San Diego architecture and design; the Built Environment Education Program (BEEP), inspiring San Diego's youth through fun and interactive activities; Pecha Kucha Night (PKN), and more. OH! San Diego was founded by Susanne Friestedt, a native San Diegan and Point Loma resident, as her way of giving back to her hometown in a meaningful, lasting way.

As an official Open House Worldwide city, San Diego is one of just four cities in the U.S. and 45 cities across the globe designated as Open House Worldwide (OHWW) locations. OHWW, founded in London in 1992, is the world's largest organization dedicated to educating and engaging the public about the best in urban design and architecture, and the critical challenges facing our cities.

## OH! San Diego 2021: Design + Community

As we have been spending more time closer to home, our neighborhoods have become all the more vital to us. At the same time, equity, diversity, and inclusion are at the forefront. 2021 brings an opportunity for OH! San Diego to expand beyond its traditional borders and encourage San Diegans to explore and appreciate a diverse and culturally rich mix of communities — National City, Chula Vista, Southeastern San Diego, City Heights, Barrio Logan, San Marcos, and La Mesa.

Exploring the intersection of design and community, OH! San Diego 2021 will offer a series of activities offering an exploration of each neighborhood's history, public spaces, and behind-the-scenes views of architecturally and socially significant developments both existing and yet to come. OH! 2021 will feature self-guided tours, socially distanced outdoor experiences and activations, virtual tours, and panel discussions.
