

**THE SAN DIEGO ARCHITECTURAL FOUNDATION
IS A NONPROFIT ORGANIZATION DEDICATED TO**

the education and promotion of outstanding architecture,
landscape, interior, and urban design in the San Diego region.

We curate exceptional events throughout the year that are open to both the design industry and the public at large. We explore how the issues impacting our growing region, like the design of our homes, workplaces, schools and communities, also impact our health and well-being. Our goal is to inspire all the San Diegans who participate in our programs to discover the value of thoughtful design in the natural and built environment and the effect it has on the quality of our lives. Please consider aligning with our mission. **PARTNER WITH US TODAY!**
