

THE SAN DIEGO ARCHITECTURAL FOUNDATION IS A NONPROFIT ORGANIZATION DEDICATED TO

the education and promotion of outstanding architecture, landscape, interior, and urban design in the San Diego region.

We curate exceptional events throughout the year that are open to both the design industry and the public at large. We explore how the issues impacting our growing region, like the design of our homes, workplaces, schools and communities, also impact our health and well-being. Our goal is to inspire all the San Diegans who participate in our programs to discover the value of thoughtful design in the natural and built environment and the effect it has on the quality of our lives. Please consider aligning with our mission. **PARTNER WITH US TODAY!**

WHAT PEOPLE ARE SAYING

TESTIMONIALS

BNBuilders Lloyd Ruocco Partner

Carmen Vann, AP, BD+C
Regional Project Executive

“At BNBuilders we proudly support and partner with the San Diego Architectural Foundation. As creative and collaborative builders, we value the opportunity to engage perspectives around thoughtful and responsible design, while also exploring topics that lead to the maximization of opportunities within the built environment. We continue to believe that our partnership with SDAF and involvement in their programs strengthens our ability to proactively serve our clients and our built communities.”

carrier johnson + CULTURE Kate Sessions Partner

John Martinez,
Project Designer

“We are a committed partner to the San Diego Architectural Foundation because of the need for connection between professionals, government agencies, and the San Diego community. SDAF provides the forum where meaningful dialog can happen with these groups with their many events from Orchids and Onions, Open House, and PechaKucha. As a partner, our belief is that by working together we can contribute much more to our built environment.”

Delawie Kate Sessions Partner

Frank Ternasky
AIA, LEED AP, Principal

“Here at Delawie, we pride ourselves in being partners with our clients and the community. What better way to accomplish the community aspect than by being a partner with SDAF. We stress commitment by our leaders and staff to the San Diego community. This started back with our Founder, Homer Delawie, and continues on with the 3rd & 4th generation leadership at our firm today.”

Steinberg Hart Lloyd Ruocco Partner

Brandon Nash,
Project Architect

“Partnering with SDAF is an extension of our commitment to making a positive impact on our communities through shaping environments and creating inspiring places with an idea-driven, results-oriented approach to design. Similar to the SDAF, we’re driven as architects to shape environments tailored to the community, build sustainably, and foster creative dialog. Our Steinberg Hart team looks forward to further responding to and supporting our San Diego community as a SDAF Partner.”

For over 4 decades, SDAF has been a major influencer in our region around design education LEVELS and engagement. Our unique community includes San Diego's top designers, creators, makers, elected officials, educators, and leaders of industry within the built environment who share their expertise and inspire us all to greatness. Becoming an SDAF partner will show our audience that you support the power of good design and architecture in creating a San Diego we can all be proud of. The preceding is an outline of our partnership levels and benefits, however we are also excited to work with you to develop a partnership package that meets your unique interests. To find out more about enhanced brand recognition opportunities, marketing campaigns, networking access and more, please contact info@sdarchitecture.org.
